

ED

2-4" (50-356mm)

When it comes to displacing air and water during hydrostatic testing carried out during construction, the ED gets the job done, quickly and efficiently. With its bi-directional design, it can travel in either direction.

Size	A	B	C	Part #
2"	3.375	6.875	2.188	70-7056-02
3"	4.625	9.250	3.375	70-7056-03
4"	5.875	11.125	4.375	70-7056-04

Designed to negotiate 3D or greater bends.

Features & Benefits:

- Provides an effective seal when separating dissimilar fluids or dewatering during hydrostatic testing
- Equipped with two guide discs and four sealing discs made from Reliathane, Apache's special blend of wear-resistant polyurethane.
- With repeated use, sealing discs can experience wear and tear. The ED pig will reverse direction, without compromising its sealing capabilities.

Options Available:

- CARVER discs. See page 5-20 for additional information.
- Aluminum Gauge Plates in standard style. See page 6-4 for additional information.
