

UT Mandrel Option

6-14" (52-356mm)

The UT mandrel is designed to house a transmitter located in the center of the slotted universal mandrel. It can also accommodate virtually any configuration of cup, disc and brush. This allows the pig to clean and batch many dissimilar fluids.

UTR-SC2R-CV

UT-JC3

UT-UM2

UTR-EDR

Features & Benefits:

- The UT is the only small diameter steel mandrel pig we manufacture that features a transmitter cavity in the middle of the mandrel to accommodate electronic pig tracking equipment.
- Standard bumper noses cushion the pig and help to protect in-line auxiliary equipment, preventing damage.
- To maximize durability, all discs are made from Reliathane, Apache's special blend of wear-resistant polyurethane.

Options Available:

- CARVER discs. See page 5-20 for additional information.
- Aluminum Gauge Plates in standard or slotted styles. See page 6-4 for additional information.
- Radial Brush options available. See page 5-23 for additional information.
- Magnets to collect metallic debris. See page 6-2 for additional information.
