

Apache Pipeline Products introduces a new addition to our world class line of pipeline cleaners. Our new design can be counted on to perform up to Apache Pipeline Products' high standards to optimize the maintenance of your pipeline.

The 2lb MLS pigs have a tighter cell structure than the standard 1lb SLS pigs commonly utilized, allowing the pig to hold up better under standard pipeline conditions.

SLS
SUPER LIGHT SWAB

NEW!
MLS
MEDIUM LIGHT SWAB

**AVAILABLE IN ALL
COMMON SIZES AND
CONFIGURATIONS**

**A TIGHTER CELL STRUCTURE
ALLOWS THE PIG TO DO
EXCEPTIONAL DRYING**
