

ALL URETHANE

VERSI II - modular cast

6-20" (152-508mm)

The Apache Versi II are an all-urethane, durable and economical pipeline pig. Designed for versatility, it can easily be adapted for cleaning, batching, or displacement operations. The flexibility of the solid urethane shaft means even wear of the sealing elements, an inherent problem with heavy steel mandrel shafts.

Size	A	B	C	Part #
6"	9.250	15.375	6.375	73055206
8"	12.625	19.875	8.500	73055208
10"	15.000	24.375	10.625	73055210
12"	18.625	27.625	12.500	73055212
14"	21.500	30.750	13.875	73055214
16"	24.000	33.875	16.000	73055216
20"	30.125	43.125	19.875	73055220

Features:

- No metal parts to bend, corrode or damage pipe lining.
- Remove and replace only worn parts instead of entire assembly.
- Customize configurations to suit application.
- All cups and discs are manufactured from proprietary Reliathane.
- Light-weight.
- **Designed to traverse 1.5D bends.**
