MEDIUM DENSITY PLASTIC BRUSH

The latest addition to Apache's world-class line of pipeline cleaners is the Medium Density Plastic Brush. It is manufactured with exclusive material that allows it to clean as thoroughly as a tough steel brush without damaging lined pipe.

Here are just some of its many benefits:

- No metal parts so no risk of scratching pipe.
- Cleans without damaging lined pipe.
- Cleans as well as a steel brush.
- Easily negotiates short radius bends.
- Acceptable for cleaning non-metallic, lined or internally coated pipe.
- Brush bristles are set farther apart than on a steel brush, eliminating "clogging."
- Available in all common sizes and configurations.
